

### Repaso rápido: Time

Remember the following expressions to ask for and to say what time it is:

What time is it?  
 ¿Qué hora es?

It is (number) o'clock.  
 Es la (+ number)/Son las (+ number).

Use *y* (+ number of minutes through *veintinueve*) to add minutes after the hour or *menos* (+ number of minutes through *veintinueve*) to indicate time before the hour. Add *y cuarto* for a quarter past the hour, *y media* for half past the hour and *menos cuarto* for a quarter to the hour. Two additional useful expressions: *Es mediodía* (It is noon) and *Es medianoche* (It is midnight).

The expression A.M. is equivalent to *de la mañana* (in the morning) and P.M. is equivalent to *de la tarde* (in the afternoon) or to *de la noche* (at night).
